Grading System	<p>The IST classification scale ranges from 0 to 20, in which 10 is the minimum mark to obtain approval. The awarding of ECTS classification is based on the distribution of marks obtained by all the students approved in the course unit in the last three academic years (can be extended to the last four or five years, if necessary), according to the following distribution:</p>																		
	<table border="1"> <thead> <tr> <th>ECTS Classification</th> <th>Mean % of achieving students in a course unit</th> <th>Definition</th> </tr> </thead> <tbody> <tr> <td>A</td> <td>10</td> <td>10% - Highest classifications on the 10-20 mark scale</td> </tr> <tr> <td>B</td> <td>25</td> <td>25% - Following classifications on the 10-20 mark scale</td> </tr> <tr> <td>C</td> <td>30</td> <td>30% - Following classifications on the 10-20 mark scale</td> </tr> <tr> <td>D</td> <td>25</td> <td>25% - Following classifications on the 10-20 mark scale</td> </tr> <tr> <td>E</td> <td>10</td> <td>10% - Lowest classifications on the 10-20 mark scale</td> </tr> </tbody> </table>	ECTS Classification	Mean % of achieving students in a course unit	Definition	A	10	10% - Highest classifications on the 10-20 mark scale	B	25	25% - Following classifications on the 10-20 mark scale	C	30	30% - Following classifications on the 10-20 mark scale	D	25	25% - Following classifications on the 10-20 mark scale	E	10	10% - Lowest classifications on the 10-20 mark scale

<p>ECTS credit unit is a Unit of measure of student work corresponding to the European System of Credit Transfer and Accumulation System (European Credit Transfer and Accumulation System). One academic year of full-time work corresponds to 60 ECTS credits, considering for such the total number of annual working hours of 1680. One ECTS credit corresponds to 28 hours of work (includes classroom activities, assessments and autonomous work).</p>
